

To: WeatherBond Roofing Systems' Independent Sales Representatives and Distributors

WeatherBond Roofing Systems is pleased to announce its WeatherBond PAS (Peel & Stick) TPO membrane is now available in gray and tan, in addition to the existing white color option.

Now available in all three standard colors, PAS TPO offers the following features and benefits:

- Up to 80% labor savings vs. traditional membrane and bonding adhesive
- No odors or VOCs to disrupt building occupants on re-roofing projects
- Exclusive Lay-Flat Technology provides a wrinkle-free appearance and superior performance
- Factory-applied adhesive ensures uniform coverage and performance

Product Code	Product Description	Roll Weight	Stocking Location
334758	060 REIN PAS GRAY TPO 10' X 100'	441 lbs.	Carlisle, PA
