C = Carlisle, S = Senatobia, G = Greenville, T = Tooele

WeatherBond's patented TPO with APEEL Protective Film is ideal for re-roofs, re-covers, and new construction projects. Durable, easily removable APEEL Protective Film helps to protect the membrane during installation and is designed to withstand the most intense heat and UV exposure for up to 90 days without deteriorating. APEEL also helps to save time and labor, improves aesthetics and long-term reflectivity, and increases customer satisfaction.

If you have any questions, or for more information, please contact your local WeatherBond representative.

Regards,

Michael Puzdrak
TPO Product Manager
