

WeatherBond PVC

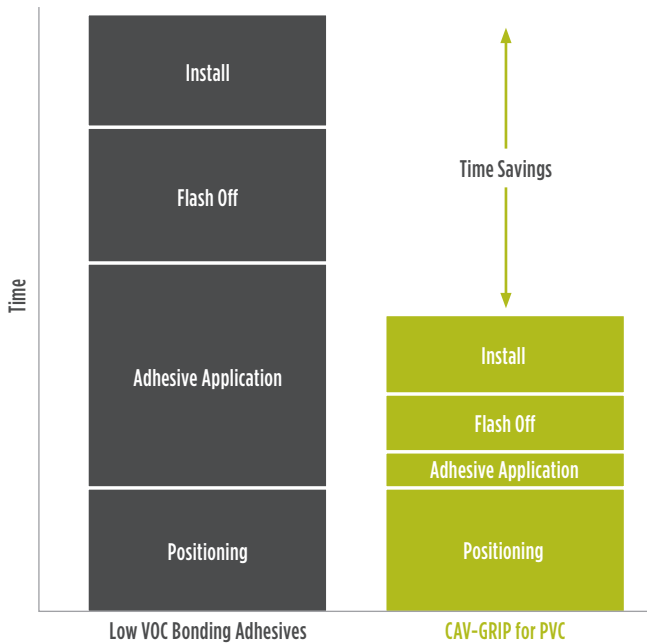

CAV-GRIP® PVC Adhesive

Small canister: 750 sq ft | Large Canister: 1500 sq ft

Revolutionize your adhesive needs with CAV-GRIP PVC Aerosol Contact Adhesive. This versatile solution is perfect for a multitude of applications, including securing PVC bareback membranes to various horizontal surfaces and vertical walls (excluding KEE of KEE HP bareback membranes) and achieving exceptional adhesion when attaching WeatherBond's Fleece membranes to vertical walls.

CAV-GRIP PVC's cutting-edge, low-VOC formula ensures robust bonding and rapid drying across a wide temperature range. Applying it is a breeze with the integrated spray systems, guaranteeing swift and uniform coverage while keeping cleanup and maintenance to a minimum.

Features and Benefits

- Suitable for adhering bareback PVC to horizontal and vertical surfaces and all Fleece membranes to vertical surfaces
- Low-odor and low-VOC
- Can be used in temperatures as low as 35°F (2°C)
- Fast, easy setup and cleanup
- Functions as a primer for VapAir Seal™ 725TR (no FM approvals for this application)

Labor Saving Features and Benefits

- Quick application with spray gun
- Fast flash-off time
- No stirring
- Up to 60% labor savings compared to traditional bonding adhesive in application and adhesive flash off
- Can be used with CAV-GRIP Hose Splitter to connect two guns and hoses to a single tank for even faster adhesive application
- Versatile application on both field and walls

*Be sure to refer to your product data sheet for the correct spread rates on vertical surfaces
