If upon inspection by WeatherBond, the Membrane shows premature deterioration because of weathering within the designated warranty period stated herein, WeatherBond's liability and Buyer's remedies are limited at WeatherBond's option to the providing of repair material for the original Membrane or the granting of credit to be applied towards the purchase of a new Membrane. The value of these remedies shall not exceed the original Membrane purchase price.

To validate this warranty, the registration information must be completed by the Buyer and mailed to WeatherBond within thirty (30) days after the date of sale. Buyer shall give WeatherBond notice of a claim under this warranty within thirty (30) days of discovering any premature deterioration of the membrane. Any claim under this warranty must be made in writing and must include a sample of the membrane for evaluation and response at the Buyer's expense.

This warranty refers to the deck membrane material only. Flashings, adhesives and any other accessories contained in a membrane system are not covered by this or any other warranty, express or implied.

This warranty will not cover any premature deterioration or failure of the membrane where it comes in contact with adhesives, sealants, tapes or other accessories manufactured or marketed by companies other than WeatherBond.

This warranty shall not be applicable if the roofing system is damaged by any natural disasters, including but not limited to, lightning, fire, insect infestation, earthquake, tornado, hail, hurricanes, and wind; intentional or negligent acts, accidents, misuse, abuse, vandalism, civil disobedience, or the like; deterioration or failure of building components, including, but not limited to, the roof substrate, walls, mortar, metal work and penetrations; acids, oils, harmful chemicals and the like; foot traffic.
