## Certified Fabricated Accessories

A ready reference guide for ordering TPO accessories for your next job.

### Square Tubing Wraps

Fabricated using detail membrane and are designed to flash square metal tubing. A split and overlap tab are incorporated into these parts to allow the flashings to be opened and wrapped around a square penetration with an obstruction.

**Sizes Available:** 3" x 3", 4" x 4", 5" x 5", and 6" x 6". Other sizes and colors available through special order.

**Quantity Per Box:** 8

### Split Pipe-Seals

Fabricated flashings made of detail membrane used for flashing pipes with an obstruction that prevents the installation of a molded pipe seal. Includes stainless steel clamping rings.

**Sizes Available:** 1", 2", 3", 4", 5" and 6". Other sizes and colors available through special order.

**Quantity Per Box:** 8

### Molded Pipe-Seals

Injection-molded, pre-formed flashings for pipes. Includes stainless steel clamping rings.

**Sizes Available:** 3/4" - 8" diameter

**Colors Available:** White, Gray, Tan

**Quantity Per Box:** 8

### TPO Pressure-Sensitive Coverstrip

A non-reinforced TPO laminated to pressure-sensitive tape used for stripping in flat metal flanges such as drip edge.

**Sizes Available:** 6" x 100'

**Quantity Per Box:** 2 rolls

### TPO Pressure-Sensitive RUSS

Available in two types. 10" RUSS (shown) is used in place of narrow width sheets to secure membrane in the perimeter of the roof. 6" RUSS is used to secure membrane at the base of vertical walls without penetrating the sheet.

**Sizes Available:** 6" x 100' and 10" x 100'

**Quantity Per Box:** 2 rolls of 6" x 100' and 1 roll of 10" x 100'

### Molded Sealant Pockets

Interlocking, two-piece, injection molded and weldable pockets and are used to waterproof pipe clusters or other odd shaped penetrations.

**Sizes Available:** Approximate size is 7 1/2" - 10" x 6" x 2" high

**Quantity Per Box:** 5 full pockets

### Walkway Rolls

Designed to protect the TPO membrane in those areas exposed to repetitive foot traffic and other hazards.

**Sizes Available:** 34" x 50"

**Colors Available:** White, Gray, Tan

**Quantity Per Box:** 9 Rolls

### 1 - Outside Corners 2 - Inside Corners

Pre-molded and used for flashing inside and outside corners of a variety of details.

**Quantity Per Bag:** 12

### 3 - T-Joint Covers

Pre-punched non-reinforced flashings used to seal intersections on 60 and 80-mil TPO membranes.

**Sizes Available:** 4.5" diameter

**Quantity Per Box:** 100

### Yellow Pressure-Sensitive Warning Strip

A nominal 30-mil-thick non-reinforced TPO flashing laminated to a nominal 30-mil thick fully cured synthetic rubber adhesive. Yellow PS Warning Strip can be applied to EPDM and TPO roofing systems to provide a visual warning of an impending hazard (i.e. roof edge, deep drain sump, skylight).

**Sizes Available:** 6" x 100' rolls

**Quantity Per Box:** 2 rolls

### TPO Curb Wrap Corners

Fabricated flashings made of detail membrane designed to reduce curb flashing time. Each corner has a 6"-wide base flange and a 12" overall height. One curb will require 4 corners.

**Sizes Available:** 7" Curb Wrap for 12" Curb, 13" Curb Wrap for 24" Curb, 19" Curb Wrap for 36" Curb. Other sizes and colors available through special orders. Can also be ordered in 1- or 2-piece wraps.

**Quantity Per Box:** 12 wraps per box or 3 full curbs

### Universal Corners

A pre-molded corner and used for flashing inside and outside corners on new construction installations where right-angled conditions are more common. Installation is fast and easy with no stretching required.

**Sizes Available:** 6" x 6" x 3"

**Colors Available:** White, Gray, Tan

**Quantity Per Box:** 20
