

**PVC Pressure-Sensitive Cover Strip**  
**February 4, 2019**

**To: WeatherBond Roofing Systems' Independent Sales Representatives and Distributors**

WeatherBond Roofing Systems is pleased to introduce PVC Pressure-Sensitive (PS) Cover Strip, a groundbreaking new product designed to help contractors save time, labor, and money. WeatherBond's new PVC PS Cover Strip is used for stripping-in flat metal edging and eliminates the need for costly PVC-coated metal or two-piece clip-on edge metal.

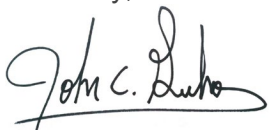

PVC PS Cover Strip is compatible with a variety of metal finishes and is quick and easy to install; no welding is required. Simply apply PVC Step 1 Activator, followed by PVC Step 2 Primer, then install the PVC PS Cover Strip. During field testing and evaluation, contractors called this product a "game changer."

Product Code	Description	Package Price - LIST
332616	PVC PS COVER STRIP 6"X100' WHITE	\$661.86 per carton
332617	PVC PS COVER STRIP 6"X100' GRAY	\$661.86 per carton
332618	PVC PS COVER STRIP 6"X100' TAN	\$661.86 per carton
332651	LOW-VOC PVC STEP 1 ACTIVATOR	\$68.13 per carton
332652	LOW-VOC PVC STEP 2 PRIMER	\$151.84 per carton
332653	PVC STEP 2 PRIMER	\$77.86 per carton

Also, due to recent improvements made to WeatherBond's PVC and KEE HP Membrane Cleaner, shipments of this product will be restricted to states without VOC restrictions. States with VOC restrictions will have access to Low-VOC Membrane Cleaner.

Please contact myself, David French, or Jesse Sutton if you have any questions.

Sincerely,

John C. Greko  
PVC Product Manager
