**Re: Material Supply Plan Update – Effective October 5, 2022**

Supply of several products has improved significantly, and as a result, effective October 5, 2022, the below items will no longer be restricted and managed under WeatherBond's Material Supply Plan (MSP):

- Bonding Adhesives: LC-60, TPO, Low-VOC TPO and EPDM, and EPDM x-23 Low-VOC
- EPDM
- PVC and KEE HP

We will continue to work closely with our raw material suppliers and will make adjustments as necessary to the Material Supply Plan. We appreciate your continued support of WeatherBond Roofing Systems.

Sincerely,

James Heisey  
Director of Sales
