

SECUROCK UltraLight Coated Glass-Mat Roof Board
June 11, 2020

To: WeatherBond Roofing Systems' Independent Sales Representatives and Distributors

WeatherBond Roofing Systems is pleased to introduce USG SECUROCK® Brand UltraLight Coated Glass-Mat Roof Board, a gypsum cover board for both adhered and mechanically fastened membrane systems. This product combines superior strength and an ultralight core and is applicable for all cold adhesive roof applications.

SECUROCK UltraLight Coated Glass-Mat Roof Board offers a variety of features and benefits, including:

- Lightweight core; up to 18% lighter than competitive products
- Fire-resistant; ideal for use as a thermal barrier (5/8" thickness)
- Factory Mutual (FM) Class 1 approved
- UL 790 Class A fire ratings available for high slopes and wood decks
- Coated glass-mat facer ideal for applying membrane adhesives
- Provides added protection from wind, hail, and excessive foot traffic
